Section 1 - Chemical Product and Company Identification

Product/Chemical Name: Michelin PAX Run-flat Gel 3
General Use: Lubricating Grease
Supplier: Michelin North America
1401 Antioch Road
Greenville, SC  29605  U.S.A.
Telephone: (864) 277-9300

Manufacturer: Nye Lubricants, Inc.
12 Howland Road
Fairhaven, MA  02719  U.S.A.
Telephone: (508) 996-6721 (8:00AM - 5:00PM ET weekdays)

Date: May 09, 2008

Section 3 - Hazards Identification

Emergency Overview

Summary of risks: May irritate eyes. Prolonged or repeated skin contact may cause irritation. Inhalation of vapors from material at high temperatures may irritate respiratory passages.

Potential Health Effects

Eye Contact: May cause irritation.
Skin Contact: Repeated or prolonged skin contact may cause irritation.
Inhalation: Vapors at high temperatures may irritate respiratory passages.
Ingestion: May cause gastrointestinal irritation.
Primary Route(s) of Entry: Inhalation at high temperatures, eye contact, skin contact.
Target Organs: Respiratory passages at high temperatures, eyes, skin.
Medical Conditions Aggravated by Long-Term Exposure: None known.
Carcinogenicity: IARC, NTP, and OSHA do not list any ingredient as a carcinogen.

Classification and labeling have been determined according to European directives 67/548/CEE and 1999/45/EC (including amendments). All components of this product are not classified according to the European directive (67/548/CEE).
Section 4 - First Aid Measures

Eye Contact: Flush thoroughly with water for at least 15 minutes. Get immediate medical attention.
Skin Contact: Remove contaminated clothing. Wash exposed area with soap and water. Get medical attention if symptoms persist.
Inhalation: If symptoms develop, remove affected person from source of exposure into fresh air. Get immediate medical attention. If person is not breathing, give artificial respiration. If breathing is difficult, administer oxygen if available.
Ingestion: Get immediate medical attention. Do not induce vomiting unless instructed to do so by a physician.

Section 5 - Fire-Fighting Measures

Flash Point: over 400°F (204°C)
Flash Point Method: CC, ASTM D93
Lower Flammable Limit (LFL): N/A
Upper Flammable Limit (UFL): N/A
Extinguishing Media: CO₂, Foam, Dry Chemical, Water Spray
Unusual Fire or Explosion Hazards: None
Hazardous Combustion Products: Carbon Monoxide
Fire-Fighting Instructions: Wear a NIOSH approved positive pressure self-contained breathing apparatus with full protective clothing. Do not release runoff from fire control methods to sewers or waterways.

Section 6 - Accidental Release Measures

Spill Response: Observe precautions from other sections. Contain any spill with dikes or absorbents to prevent migration and entry into drains, sewers or bodies of water. Wipe or scrape up grease and place it in a proper container for disposal. Wash walking surfaces thoroughly to reduce slipping hazard. Follow applicable OSHA (29 CFR 1910.120), state and local regulations.

Section 7 - Handling and Storage

Handling Precautions: Exercise ordinary care in handling industrial lubricants. Avoid contamination of cigarettes or other tobacco products. Wash hands thoroughly before eating or smoking. Remove contaminated clothing and clean before reuse. Users should be alert to the possibility that very small percentages of the population may display unexpected allergic reactions to otherwise innocuous industrial lubricants and raw materials.
Storage Requirements: Do not store in open or unlabeled containers. Separate from incompatibles.

Section 8 - Exposure Controls / Personal Protection

Eye Protection: Avoid eye contact. Wear safety glasses or chemical goggles in accordance with OSHA 29 CFR 1910.133.
Skin Protection: Avoid skin contact. Wear chemical protective gloves. Depending upon conditions of use, additional protection may be necessary such as a face shield, apron, etc.
Ventilation: Local ventilation is generally not necessary under normal conditions of use with adequate general ventilation. Ventilation and other forms of engineering controls are the preferred means for controlling chemical exposures.
Respiratory Protection: Avoid breathing oil mist. Respiratory protection is generally not necessary under normal conditions of use with adequate general ventilation.
Safety Stations: Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.
Other Precautionary Information: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

Section 9 - Physical and Chemical Properties

Appearance and Odor: Smooth beige grease
Vapor Pressure: Not Determined
Vapor Density: Not Determined
Formula Weight: Not Calculated
Specific Gravity (H₂O=1, at 4 °C): Not Determined
pH: Not Determined
Water Solubility: Soluble
Boiling Point: Not volatile
Dropping Point: Not Determined
% Volatile: Not Determined
Evaporation Rate: Not Determined

Section 10 - Stability and Reactivity

Stability: Michelin PAX Run-flat Gel 3 is stable at room temperature in closed containers under normal storage and handling conditions.
Polymerization: This product will not undergo hazardous polymerization.
Chemical Incompatibilities: Strong oxidizing materials
Conditions to Avoid: Pyrolysis
Hazardous Decomposition Products: Thermal oxidative decomposition of Michelin PAX Run-flat Gel 3 can produce carbon monoxide.

### Section 11 - Toxicological Information

Toxicity Data: None available.

### Section 12 - Ecological Information

Environmental Fate and Effects: No data has been established for this product.

### Section 13 - Disposal Considerations

Disposal: Contact a licensed waste-disposal contractor for detailed recommendations.

Disposal Regulatory Requirements: Many states classify waste lubricants as “hazardous”, which means disposal only by a licensed firm. Follow applicable Federal, state, and local regulations.

### Section 14 - Transport Information

DOT Transportation Data (49 CFR 172.101): Not Regulated

### Section 15 - Regulatory Information

#### TSCA:
All components of this product are listed on the TSCA inventory.

#### EPA Regulations:
